

# LIFE CYCLE

BY  
BLUE FOX

## life cycle

noun (C., usually singular)  
the series of changes  
that a product goes through  
during its existence:

*Life is a continuous,  
interconnected journey  
of growth, transformation,  
and renewal. To draw  
a parallel between this idea  
and the life cycle of certain  
fruits and vegetables,  
we approached our current  
signature cocktail menu  
with a focus on ingredients  
in their different stages  
of their life cycle: seeds,  
flowers, fruits.*

*After our Signature  
Sensations meet Our  
Beloved Friends, where we  
take favourite classic cocktails  
and give them a twist with  
our own unique style.*
